

# Health Questionnaire for All Visitors of Halle (Saale) City Administration

Before visiting Halle (Saale) City Administration you are required to fill in this questionnaire. We will forward your information to the Health Department so they will be able to contact you in case of a possible infection. Please help us to keep everybody in Halle (Saale) safe!

Which department do you plan to go to? .....

Who are you planning to talk to? .....

Your full name: .....

Your address: .....

Your phone number: .....

I have trouble breathing and am suffering from shortness of breath or from general symptoms like fever and fatigue.

During the last 14 days I was exposed to someone who has tested positive for the new Corona virus (SARS-CoV-2).

During the last 14 days I have spent time in a risk area as identified by the Robert Koch Institute.

If one of the above applies to you, please reconsider visiting us in person. If two or all three statements apply we strongly advise against a visit to the Halle City Administration.

Please find updated information on our Halle (Saale) website (<https://www.halle.de>) or at the Robert Koch Institute (<https://www.rki.de>).

I declare herewith that I have truthfully and fully completed the above questions. I am aware that any false statement may have serious consequences for the public health situation.

Date and Signature .....
